

**Decision of the Romanian Chamber of Deputies to adopt the
Opinion on the Communication from the Commission to the European Parliament, the
European Council, the Council, the European Economic and Social Committee and the
Committee of the Regions**

Safeguarding food security and reinforcing the resilience of food systems

COM(2022) 133

Supports the European Union's emergency support programme for Ukraine to help alleviate the suffering of the Ukrainian population caused by the Russian invasion by ensuring access to basic goods and services.

Recommends supporting the diversification of agricultural crops in order to ensure a balanced supply of fibres, vitamins and minerals to the public, as well as ensuring that healthy and affordable diets are guaranteed in the long term.

Recommends that Horizon Europe's scientific research programme be made more open to small and medium-sized enterprises, social enterprises, pre-university educational communities and civil society communities in order to ensure that early research is promoted and that research results have the widest and fastest possible impact.

Recommends commercial, humanitarian and scientific efforts to combat malnutrition in the world's poor areas, with the involvement of local human resources.
