Ukraine relief and reconstruction

COM(2022) 233

The Chamber of Deputies endorses the ideas set out in the Communication of the Commission on Ukraine relief and reconstruction, in particular the need for a strong EU attitude of solidarity with Ukrainian refugees and support for the Ukrainian government. The Chamber of Deputies recommends, in this regard, the establishment of special assistance programmes for Ukrainian children, the identification of long-term measures to support Ukraine after the end of the war, with particular reference to the restoration of school and health infrastructure, but also to carry out actions to inform on measures taken at European level to facilitate trade with Ukraine.
