## 1. Introduction

The European Commission (hereafter 'the Commission') is committed to protecting your personal data and to respecting your privacy. The Commission collects and further processes personal data pursuant to [Regulation \(EU\) 2018/1725](#) of the European Parliament and of the Council, of 23 October 2018, on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation "Processing of personal data on the [EU Digital Identity \(EUDI\) Wallet website](#)", undertaken by CNECT H.4, is presented below.

## 2. Why and how do we process your personal data?

Purpose of the processing operation: CNECT H.4 created the EUDI Wallet website<sup>1</sup> which is located on infrastructure maintained by the Directorate-General for Informatics (hereafter 'DG DIGIT'). The technical setup collects and uses your personal information to be able to provide this website within the europa.eu domain, and which is physically located on the Commission controlled hosting infrastructure.

The EUDI Wallet website is built on Atlassian tool stack (JIRA, Confluence, BitBucket, Crowd) and add-ons supported by Atlassian such as Tempo Timesheets for JIRA, Customer Satisfaction Survey for JIRA and Forms for Confluence. You can browse the EUDI Wallet website anonymously, in which case the European Commission receives as an essential technical requirement the Internet Protocol address (IP address) or the device ID of the device used to access the website.

Your personal data will not be used for an automated decision-making including profiling.

## 3. On what legal ground(s) do we process your personal data

We process your personal data because processing is necessary for the **performance of a task carried out in the public interest** or in the exercise of official authority vested in the Union institution or body (**Article 5(1)(a) of the Regulation 2018/1725**).

Informing the broad public is a task resulting from the Commission's own prerogatives at institutional level, as provided for in Article 58(2) (d) of Council Regulation (EC, Euratom) No 2018/1046 of 18 July 2018 on the Financial Regulation applicable to the general budget of the European Communities (OJ L 193, 30.7.2018, p. 1). We ensure that adequate and specific safeguards are implemented for the processing of personal data, in line with the applicable data protection legislation.

Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

#### **7. Who has access to your personal data and to whom is it disclosed?**

Access to your personal data is provided to the Commission staff responsible for carrying out this processing operation and to authorised Commission staff according to the “need to know” principle. Such staff abide by statutory, and when required, additional confidentiality agreements.
