# Contact Committee

The Contact Committee (Article 29 AVMSD) has been established to monitor the implementation of the Directive and the developments in the sector as well as a forum for the exchange of views.

It deals not only with the existing audiovisual policy but also with the relevant developments arising in this sector. The committee also helps the Member States with their national reports which have to be written every two years.

The committee should pay special attention to technical developments in the audiovisual sector.

Chaired by the Commission and composed of representatives of the authorities of the Member States, it may be convened at the request of any of the delegations.
