Digital Champions

Team responsible

[DG CONNECT](#) [1]

Digital Champions are ambassadors for the Digital Single Market, appointed by their Members States to help every European become digital.

Member States appoint Digital Champions, who help everyone get digital. They are all creative and motivated people who lead innovative projects in ICT education, digital inclusion, access and e-government. Many actively promote the development of digital skills and entrepreneurship by young people, helping tackle youth unemployment by sharing innovative ideas which have worked in their own country.
