

Digital Single Market

112 in Ireland

112 is one of the emergency numbers in Ireland.

The average time to answer a 112 call is 1 second. The European emergency number 112 and 999, the national emergency number are used in Ireland.

According to the latest E-communications household and telecom single market survey, 44% of Irish people know they can use 112 everywhere in the EU.

For disabled people, Minicom and SMS services are available to contact 112.
