Key debate on the Future Internet on 26 November 2008

The European Commission and the EU Presidency are organising the ICT 2008 Conference on 25-27 November 2008 in Lyon, France. Conference Highlight: KEY DEBATE ON THE FUTURE INTERNET ON 26 NOVEMBER 2008. It is time to strengthen and focus on European activities on the Future Internet and enhance Europe's competitiveness in the global marketplace. The panel will gather high-level decision-makers as well as senior managers from the ICT industry and senior researchers. Giovanni Colombo, former CTO of Telecom Italia, will chair the debate, that will host top-level management representatives from the European industry, including - amongst other - Niklas Savander, Executive Vice President of Nokia, Peter Möckel, Vice President of Deutsche Telecom Laboratories and Paul Friedel, Vice President of the Orange Labs. Register before 31 October with an early bird fee!
