The feasibility and scenarios for the long-term sustainability of the Large Scale Pilots, including 'ex-ante' evaluation - Study SMART 2012/0059

The study will deliver a comprehensive analysis to assess the sustainability and future roll-out of the services developed by the portfolio of eGovernment CIP ICT PSP Large Scale Pilots (LSPs). The study will investigate the possible organisational, financial and resource as well as governance aspects for their long-term sustainability. The in-depth feasibility study should include a deployment cost/economic benefit analysis and an impact assessment of possible scenarios and propose one. Furthermore, the study should give concrete recommendations on how to make the proposed scenario happen. Contract signed with DELOITTE Consulting CVBA/SCRL on 28/8/2012 under the Framework Contract No SMART 2007/0035 - Lot 4: "Provision of impact assessment and/or ex-ante evaluation tasks in the sphere of ICT deployment, innovation, public services and quality of life"
