News article 14 December 2012

# Inauguration of a Lighthouse Pilot "Shapes of Light" at the Commission Headquarters in Brussels

On 19 December 2012 the European Commission Vice-President for the Digital Agenda, Neelie Kroes, and Vice-President Maroš Šefčovič will inaugurate "Shapes of Light", an innovative light installation illuminated by advanced LED technology, at the Commission headquarters, the Berlaymont building in Brussels.

"Shapes of Light" is sponsored by the company Schröder and was selected as winning bid following an open Call for Sponsorship. The installation will be on display during the next 12 months.

More information will be published at the day of the inauguration [here](#) [1]
