Make websites accessible: a proposal and a request - a blog post by Paul Timmers, Director, Sustainable & Secure Society, DG CONNECT

December 3 was the International day of people with disabilities. Let's do something that makes a difference. You are public procurers, managers of private websites, web developers ? Update your knowledge on the accessibility business case in our accessibility cost-benefit study. If you need further evidence, we developed a tool to calculate the cost of making your site accessible yourself. It is straightforward and simple. Just fill in the questionnaire and you know what it takes to help get every European Digital.
