Interested to know what EU regions are doing in your field? Want to share your good practice? Join the RegioNetwork! @EU_Regional

RegioNetwork is an on-line collaboration platform for representatives of European regions and others who are interested in the European Union's regional policy. The platform offers you the possibility to participate to various groups on different topics (such as eHealth, Smart Cities, Jobs and Growth, Public Services, etc) to share your good practices, to check what's going on in your region or to tell people what you are doing in your region and to follow/interact with people. Don't miss this opportunity to discover what's around the corner and express yourself!
