News Article 20 March 2012

Reminder: Public Consultation on the Access to Interoperability Information of Digital Products and Services

The purpose of this consultation is to obtain structured input from stakeholders (owners, potential users) and interested parties on the needs, barriers and opportunities for measures leading significant market players to license interoperability information not covered by standards, as proposed in the Digital Agenda for Europe communication. The consultation is open until 20 June 2012.
