Digital Single Market

Going Local Initiative

Menu

Going Local is the Commission's outreach to stakeholders and citizens in Member States and neighbouring countries to discuss digital priorities. The 2015 edition focussed specifically on the Digital Single Market strategy.

Background

Going Local was launched in 2010 to bring awareness and involvement of the Digital Agenda EU (DAE) to stakeholders following the publication of the Digital Agenda. The feedback from the visits was very positive so a second round of visits took place in autumn 2011.

The 2011 programme focused on aspects of the DAE goals and objectives of interest to the Member States and associated countries.

Going Local 2012 addressed high speed broadband, while Going Local 2013 will focus on a number of topics, including: the Digital Agenda Review; Grand Coalition for Digital Jobs & Skills Digital; Digital European Council; Information on Horizon 2020 preparations and CEF Digital Services; Use of structural funds in ICT.

Online Engagement Going Local II (2011) - see the Final report and Annex , and discussions on Twitter (#daelocal).
