Digital "to-do" list: new digital priorities for 2013-2014

The European Commission has adopted seven new priorities for the digital economy and society.

[1]

The digital economy is growing at seven times the rate of the rest of the economy, but this potential is currently held back by a patchy pan-European policy framework. Today's priorities follow a comprehensive policy review and place new emphasis on the most transformative elements of the original 2010 Digital Agenda for Europe.
