

Digital Single Market

Press releases19/12/2012

Transport and Telecommunications Council - 20 December 2012

In the afternoon session devoted to Telecommunications, Vice-President Neelie Kroes, responsible for the Digital Agenda, participated in the debate on progress reports related to eID, the Connecting Europe Facility and the reuse of public sector information. She also informed Ministers of her digital priorities for 2013/2014.
