

Digital Single Market

Major Cities of Europe - Annual Conference

Events

03/06/2013 to 05/06/2013

Ljubljana, Slovenia

This conference will bring together Chief Information Officers and ICT managers from local government as well as business leaders. The goal of the event is to find answers to today's challenges regarding ICT in cities. Participants will showcase key implementations and ideas, share experiences, facilitate debate and exchange views through presentations, roundtables, one-to-one discussions and workshops.
