

Digital Single Market

Workshop on Public Consultation on Cloud Computing, Software and Services

Events17/04/2013Brussels

A post-consultation Workshop will discuss and validate the views expressed by different actors during the consultation. The Public Consultation was launched to define future research priorities in Cloud Computing, Software and Services, ahead of the H2020 ICT Work Programme 2014-15. All interested stakeholders (industry, research centres, academia, SMEs and users) were invited to contribute.

Organiser

DG CONNECT, Unit E2
