Neelie Kroes: "Completing the telecoms single market"

Audiovisual30/05/2013

The politics of completing the telecoms single market - Speech by Neelie Kroes at European Parliament's Internal Market and Consumer Protection Committee meeting

Neelie Kroes, Vice-President of the European Commission responsible for the Digital Agenda, talking about why the EU needs to bring down barriers in the telecommunications sector - and the benefits for mobile roaming costs and net neutrality.
