

Digital Single Market

EventsDublin19 June 2013 to 20 June 2013

Join the online debate in Digital Agenda for Europe on Innovation

How can we further translate research and innovation into jobs and growth...

for this sector and for other industrial sectors such as photonics, robotics, networks, service infrastructures, is one of the debates being discussed in [Digital Agenda Assembly](#) [1] next 19th and 20th June in Dublin. Which specific strategy should be adopted, which instruments, which priorities, etc, are the typical questions to be debated. Please join the online [debate](#) [2] and twitter using #da13innov

Most active participant in the debate online will be invited in the Digital Agenda Assembly.
