

Digital Single Market

Speech13 June 2013

Start in Europe, Stay in Europe: a single market for Europe's web entrepreneurs

My vision for more successful web entrepreneurs in Europe is relatively simple. It is about building a more favourable eco-system and to nurture talent. Entrepreneurs are my heroes, so to say. My vision is also about the benefits of Europe: providing lots of creativity, diversity and innovation, but also large scale thanks to links and bridges across borders. It is about openness, about joining and sharing.
