Updates from the Action groups of the European Innovation Partnership on Active and Healthy Ageing

In the month of June and July, the Action Groups are meeting for the first time with the new partners to enrich their efforts with the new commitments and move ahead together in implementing the deliverables set out in the Action Plans.

This fourth gathering also marks the one year anniversary of the Action Groups the first meetings were held in the beginning of the summer in 2012. It has been a long journey in the past year: the first partners worked hard to put together the Action Plan and develop the best ways to cooperate to deliver on their targets.

The Second Invitation for Commitments has extended the groups with committed new partners who bring valuable expertise to the group and extend the work in the field.
