3rd Call of the Future Internet Public-Private Partnership

The [3rd Call](#) [1] and the implementation of [phase 3](#) [2] of the Future Internet PPP is involving through open calls SMEs and [web entrepreneurs](#) [3] as developers of highly innovative, infrastructure based, data-rich services and applications, building on, and extending, the large scale trials and the core platform functionalities.

In the context of the [Future Internet PPP](#) [4], the European Union provides participants (e.g. regional development agencies, SME associations, accelerators, company investment funds, etc.) with funding opportunities (100 million euros budget for up to 20 projects) to distribute within network of SMEs and Web entrepreneurs. At least 80% of the funding should be forwarded to innovative players such as SMEs, Web entrepreneurs, ICT developers, etc. through open calls. The funding to SMEs and Web entrepreneurs will be used to develop new applications and services on top of innovative technologies, thereby validating those technologies. Funding per SME or Web Entrepreneur will typically be in the order of 50,000 – 150,000 Euros.
