Call for tenders 5 September 2013

MSS Authorisation regimes, Authorisations and enforcement in the EU Member States - Call for tenders: 2013/0013

The European Commission will launch a call for tenders for a service contract of a maximum value of EUR 60 000 on MSS, Mobile Satellite Services.

The purpose of the study is to collect comprehensive and systemized information on (a) the MSS (satellite component) and CGC authorisation regimes put in place by the Member States, (b) the actual MSS and CGC authorisations issued to the selected operators by the relevant authorities of the Member States and (c) national enforcement rules applicable to the MSS and CGC authorisations, including specific remedies adopted, in case the selected operators failed to comply with any conditions attached to their authorisations as required by laws of the respective Member States.
