Invitation to the FITMAN Phase III Webinar

The webinar is for FI-PPP Phase III participants who wish to build on FITMAN work and/or address ICT in manufacturing. It will provide information about FITMAN deliverables, methodologies for SME and web entrepreneur engagement, and other Phase III related information.

The following topics will be presented:

- Information in the Phase III Package: consultation documents, Specific Enablers T&Cs, and more
- Services with the Phase III Package: contact point, forum, FAQ, updates
- Methodologies on SME and web entrepreneurs engagement
- Methodologies on service / application development support

The second part of the webinar is a question and answer session in which participants can engage in discussion with FITMAN experts. For a detailed agenda, please [click here](#) [1].

If you are interested in engaging with Phase III in the area of ICT for Manufacturing, please book that date on your calendar and participate in the FITMAN Phase III webinar!
