

## Digital Single Market

Reports and studies 20 November 2013

# Study on broadband coverage 2012

This study monitors the progress on the broadband coverage objectives of the Digital Agenda (basic broadband access for all by 2013 and high speed broadband access with at least 30 Mbps download speed for all by 2020), i.e. the household coverage of different fixed and wireless broadband technologies with a special focus on Next Generation Access technologies.
