# Help us! Needed: experts for the evaluation and monitoring of R&I projects on Active and Healthy Ageing and Digital Social Platforms

The European Commission appoints independent experts to assist with the evaluation of proposals, the review of projects and the monitoring of programmes or policies. Would you like to play this role for ICT for ageing well and Digital Social Platforms? [Register](#) <sup>[1]</sup> as an expert!

When registering, indicate your fields of specialisation and areas of expertise, and add free keywords. Help us with our targeted search for experts, by adding, if applicable, the following ones: *active ageing, care, telecare, telehealth, assisted living, assistive technology, service robotics, companion robots, cognitive decline, fall prevention, smart homes, frailty, telehealth, integrated care, remote monitoring, chronic diseases, digital social platforms, demographic change, social innovation.*

Independent experts who are already registered in the FP7 database and who wish to apply for Horizon 2020, are invited to access the same website, declare their interest in being considered for Horizon 2020 assignments, and update their areas of expertise in line with those of Horizon 2020.
