Inaugural Meeting of the Community of Practice

The Community of Practice on Self-and Co-Regulation got off to a good start.

More than 100 people actively participated in this first vibrant and fruitful meeting of the CoP, chaired by Robert Madelin, director general of DG CONNECT. Stakeholders from various backgrounds and sectors paved the way for mature conversations in order to enhance their joint capacity to reach societal goals. The CoP has set the basis of a shared knowledge base. It has also reviewed current area of practice and discussed about risk and success factors of self- and co-regulatory actions. All presentations made during the day are [available](#) [1]. The summary operational report, outlining the outcome and next steps, will also be published before the Christmas break.

All those interested are invited to **join the CoP** from the dedicated button at the [homepage](#) [2], and pencil **June 3rd 2014** in their agenda, as this is the date for the next meeting.
