

## Digital Single Market

Call document 31 January 2014

# H2020 Future Internet Call 1 - all you need to know in one info day

Directorate "Net Futures" organised an Information Day on 31 January 2014 presenting the Future Internet topics within Call 1 (opened on 11 December 2013, closing date: 23 April 2014)

[1]

During the event the participants were given a general presentation in the morning on the programme and its instruments followed by four parallel sessions. Future Internet topics were introduced within the LEIT work programme 2014 - 2015.

The parallel sessions in the afternoon were dedicated to networking and opened the stage for participants to present their visions and ideas for research and innovation actions.

- Webstreaming:

The plenary session (9.30 am - 11 am) was webstreamed and the recording is available [here](#) [2]

- Q+A (15 min at the end of the plenary session):

Questions asked during the plenary session are available [here](#) [3].

Answers to the questions are available [here](#) [4].

## Participants List

The participants list is available [here](#) [5]

Please note that this list only displays participants with a public profile
