European Conference on Networks and Communications 2014

The European Conference on Networks and Communications (EUCNC2014) is the key yearly event for showcasing EU funded research and innovation, as well as for presenting the latest developments in this area. EUCNC2014 will hold regular sessions with scientific papers (to be uploaded to IEEE Xplore), workshops, special sessions, poster sessions, panels, keynote talks, demos and exhibitions. Submissions for the demo proposals are open until 25 April 2014.
