CHEST project: Call for Ideas is now open!

Menu

The first CHEST Open Call is now running! Ideas can be submitted until 30 April 2014.

This is a **Call for Ideas**, in which any single person, student, researcher or any "social innovator" can propose an innovative ICT-based concept addressing a **Social Innovation challenge**.

[CHEST](#) [1] is a 30 month Collaborative project co-financed by the European Commission through [FP7](#) [2]. It aims to provide a forum that will enable entrepreneurs and innovators from across the EU to propose new solutions to address key societal challenges, so called 'social innovation'.

The submitted proposals will be crowd-voted and commented through the web and the best rated ones will be awarded 6.000 Euro.

If you want to present your new idea visit the registration [page](#) [3].
