NETmundial - European Commission to facilitate a conference call for information sharing

In view of the forthcoming Global Multistakeholder Meeting on the Future of Internet Governance (NETMundial) which will take place in Sao Paulo, Brazil, on 23-24 April 2014, the European Commission is organising an open conference call, with the purpose of sharing information among stakeholders.

The online meeting will be facilitated by the European Commission, but we do expect stakeholders to actively contribute to the conversation. We kindly ask those who plan to attend the conference call and would like to share their views with other participants, possibly on the basis of their / their organisation's contribution to NETmundial, to let us know in advance so that we can allocate a fair number of slots for interventions.

Details of the conference call (phone numbers, PIN, and Adobe Connect data) are below:

- Date: 8 April 2014
- Time: 11:00 – 13:00 (CEST)
- Telephone number: 02 808 1363 (if calling from Belgium - for a list of international numbers, please see the PDF document at the bottom of the page)
- Conference room number: 1327846
- Adobe Connect URL: <http://ec-wacs.adobeconnect.com/ag4682/> [1] (please note that you do NOT need to use Adobe Connect to participate in the teleconference – it's offered as an option)

We hope you will join us for this discussion.

Contact: Andrea Glorioso andrea.glorioso@ec.europa.eu [2]

Agenda and minutes of the conference call are now available.
