On 10th April 2014, the European Commission adopted its Green Paper on mobile health (mHealth). The Green Paper launched a public consultation, inviting stakeholders' views on the barriers and issues related to mHealth. Your input will help identify the right way forward to unlock the potential of mHealth in the EU.

Due to numerous requests from stakeholders, we decided to extend the deadline for responding to the Green Paper on mHealth for one more week. You can still send your contribution until **the 10th of July 2014, 12:00 noon (CET)**, [online](#) [2] or via email to CNECT-GREEN-PAPER-MHEALTH@EC.EUROPA.EU [3].
