5G Research in Horizon 2020 Webcast

This webcast focuses on key aspects of the 5G EU research activities and the Horizon 2020 programme funding opportunities to implement the 5G-Public Private Partnership (5G-PPP). The 5G-PPP focuses on communications infrastructure with an EU budget of € 700 million for research, development and innovation over the next seven years. € 125 million are available in the first call for proposals, which closes on 25 November 2014.
