Green Paper "Preparing for a Fully Converged Audiovisual World: Growth, Creation and Values"

Policy and legislation 24/04/2013

The Green Paper invited stakeholders to share their views on the changing media landscape and borderless internet in particular on market conditions, interoperability and infrastructure, and implications for EU rules.

The consultation ran from 24/04/2013 to 30/09/2013 .

The contributions of respondents who gave their consent to publication are [available here](#). [1]

The European Commission published a [feedback document as well as an executive summary of the replies](#) [2] in September 2014.

[The Green Paper is available in all languages here](#). [3]
