

SECTORAL NATIONAL MARKET SURVEILLANCE PROGRAMME(s) (Sectoral NMSP)

Member State: **Norway**

Surveillance Authority: **Norwegian post- and telecommunications authority (NPT)**

Planning for: **2014**

Person responsible for the Sectoral NMSP: **Tor Bringsverd**

e-mail address: **tor@npt.no**

No of EU legislation applicable	Sector	Description of the product or category	Type of monitoring	Monitoring motivation	Monitoring activity	Priority	Starting period or date	Development	Outcomes or further initiatives	Contacts (persons or functional mail boxes)
1999/5/EC, 2004/108/EC 2006/95/EC	Radio- and telecommunications equipment. Telecommunications infrastructure equipment	International co-operation on enforcement of regulation	Proactive	Cooperate and contribute in important enforcement issues in the common European market	Participate in appropriate European forums such as R&TTE-ADCO, EMC-ADCO and Nordic Market Surveillance Group.	High	All year		Stay up to date on important common issues within the EEA.	Tor Bringsverd (tor@npt.no)
1999/5/EC, 2004/108/EC 2006/95/EC	Radio- and telecommunications equipment. Telecommunications infrastructure equipment	Follow up RAPEX notifications	Reactive	During a year NPT normally receives 5-10 RAPEX notifications that needs to be handled	Follow up	High	All year		Check the Norwegian market for reported dangerous products and react appropriately against suppliers, importers and/or manufacturers.	Paul-Erling Lia (pel@npt.no)
1999/5/EC, 2004/108/EC 2006/95/EC	Radio- and telecommunications equipment. Telecommunications infrastructure	Follow up complaints	Reactive	During a year NPT normally receives 20-30 complaints that need to be handled	Follow up	High	All year		Regulated market of the radio and tele-terminal equipment, as well as fair	Paul-Erling Lia (pel@npt.no)

	equipment								competition between relevant actors on the market.	
1999/5/EC, 2004/108/EC 2006/95/EC	Radio- and telecommunications equipment. Telecommunications infrastructure equipment	Customs co-operation	Reactive	Support Customs with expertise when dealing with issues in our field of work	Follow up	High	All year		Stop not compliant equipment before it is placed on the market	Gordana Lunestad (gol@npt.no)
1999/5/EC, 2004/108/EC 2006/95/EC	Radio- and telecommunications equipment. Telecommunications infrastructure equipment	Random checks of equipment in the market	Proactive	Utilize available market surveillance resources	Administrative and technical checks.	Medium	All year		Raised awareness on regulations in the market. Remove non-compliant products from the market.	Paul-Erling Lia (pel@npt.no)
1999/5/EC	Radio- and telecommunications terminal equipment	R&TTE ADCO campaign on Mobile telephone repeaters	Proactive	Use of non-compliant or wrongly installed products may cause serious interference to mobile services. NPT will therefore in early 2014 participate in an R&TTE ADCO common campaign on mobile telephone repeaters	Administrative and technical checks of 3 mobile telephone repeaters	High	Q1		Report the results to ADCO. Follow up on results on European level.	Paul-Erling Lia (pel@npt.no)
1999/5/EC	Radio- and telecommunications terminal equipment	Wireless smoke detectors	Proactive	NPT has noticed that wireless smoke detectors often are declared as receiver class 2 and even class 3 and that the receiver class often is not documented in the user documentation. Through this action NPT will do a more detailed analysis of the situation in the market	Administrative and technical checks of 10 smoke detectors	High	All year		To get an overview of smoke alarms placed on the market and consider improvement measures if necessary	Gordana Lunestad (gol@npt.no)
2004/108/EC	Radio- and telecommunications terminal equipment	Follow up on 2 non-compliant PLT products	Reactive	NPT has identified non-compliant PLT products from some distributors/importers and will follow up towards other distributors/importers of the same products.	Follow up	Medium	Q1		Efficient action in the case of non-compliant products. Equal treatment of different importers and distributors	Roger Marthinsen (rma@npt.no)

1999/5/EC	Radio- and tele-communications terminal equipment. Telecommunications infrastructure equipment	Information campaign towards importers of R&TTE products regarding R&TTE regulations	Proactive	NPT has noticed that many of the importers have insufficient knowledge about the applicable regulations.	Information	Medium	All year		Increase importers knowledge on relevant regulations.	Paul-Erling Lia (pel@npt.no)
