E-Turist

Project Partners:

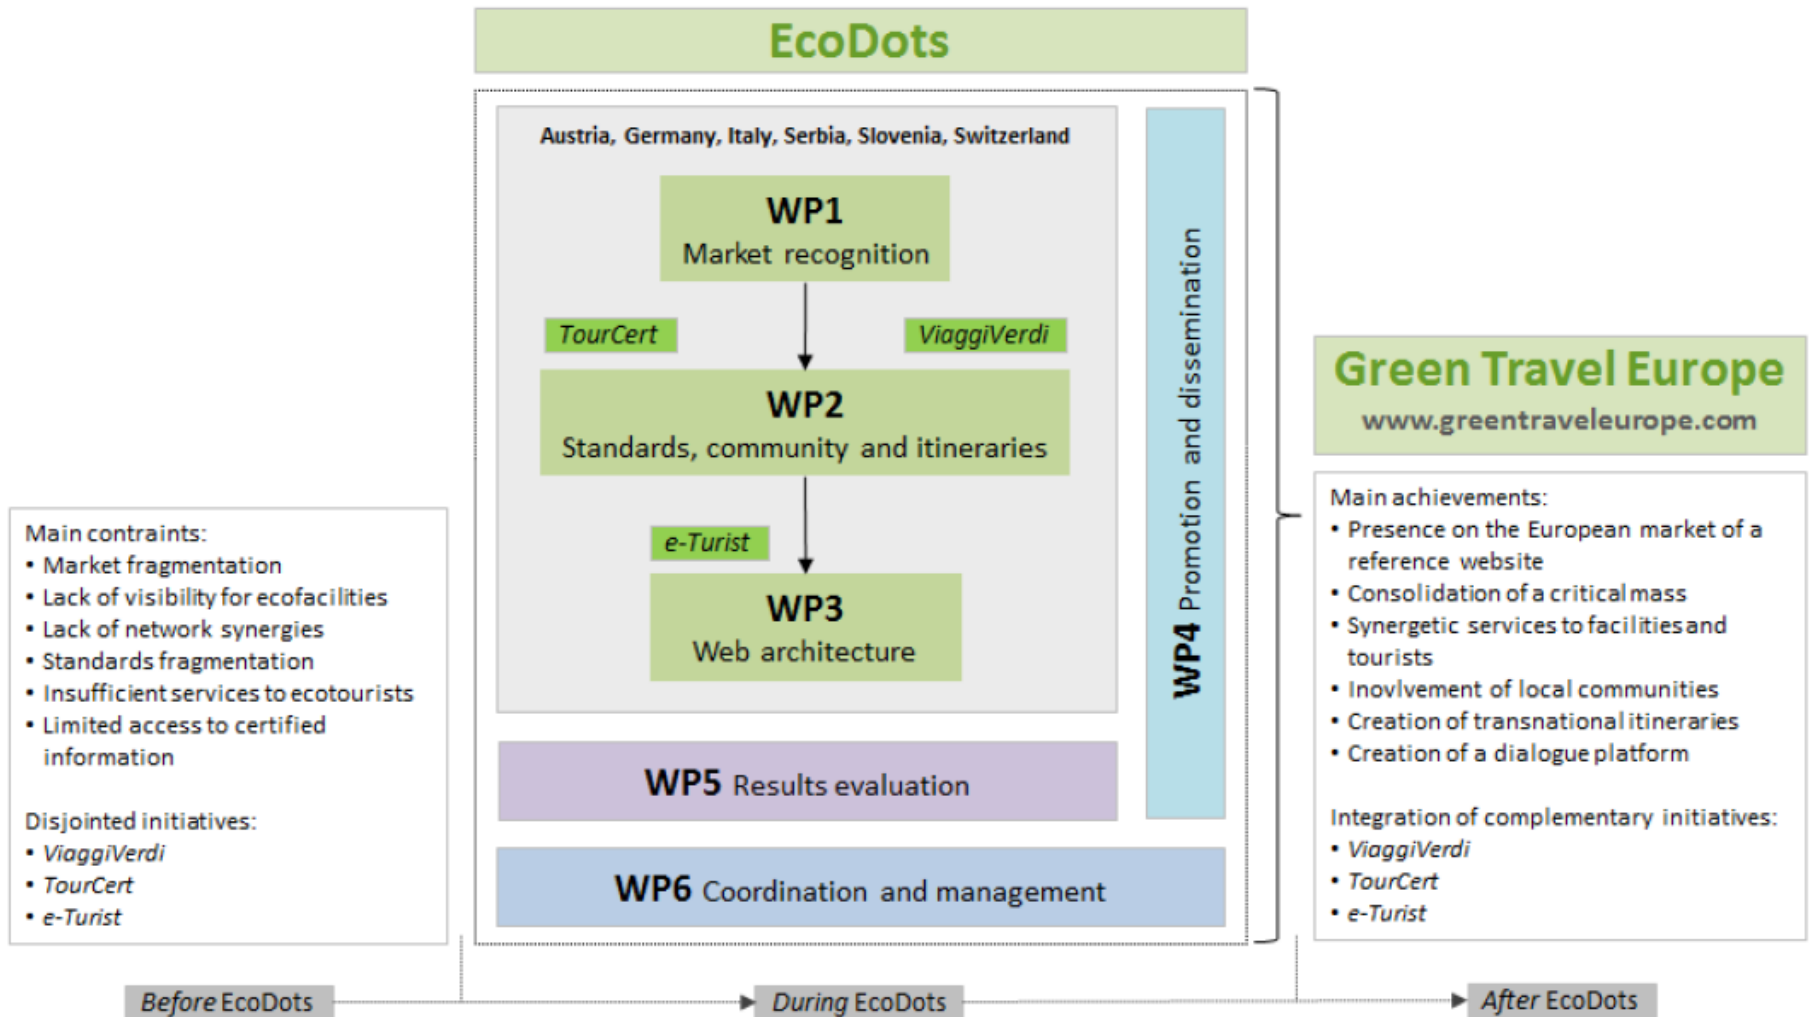

- KATE (Germany)
- Institut Josef Stefan (Slovenia)
- Orme nel Parco (Italy)
- EcoDev Centre for Research and Development (Republic of Serbia)
- Municipality of Parma (Italy)
- Ministry of Finance & Economy (Republic of Serbia)
- Istituto di Studi per l'Integrazione dei Sistemi scrl ISIS (Italy)

Main objectives

- Build an innovative network of sustainable accommodations and “green” itineraries in Italy, Austria, Switzerland, Germany, Slovenia and Serbia
- Promote the demand of sustainable tourism in Europe
- Involve green accommodations sharing an eco-tourism vision, in order to enhance their visibility on the market and transfer good practices

The flow chart of the EcoDots work plan

Duration: 18 months

Total cost: 330.689 Euro (248.016 EC contribution)

Deliverables:

Deliverables					
Deliverable Number	Title and short description	Due date or periodicity	Type (a)	Distribution (b)	WP Ref. (c)

D6.2	Second Interim technical implementation report and financial statement	M12	R	P	6
D6.3	Final technical implementation report	M18	R	P	6

www.europegreentravel.com

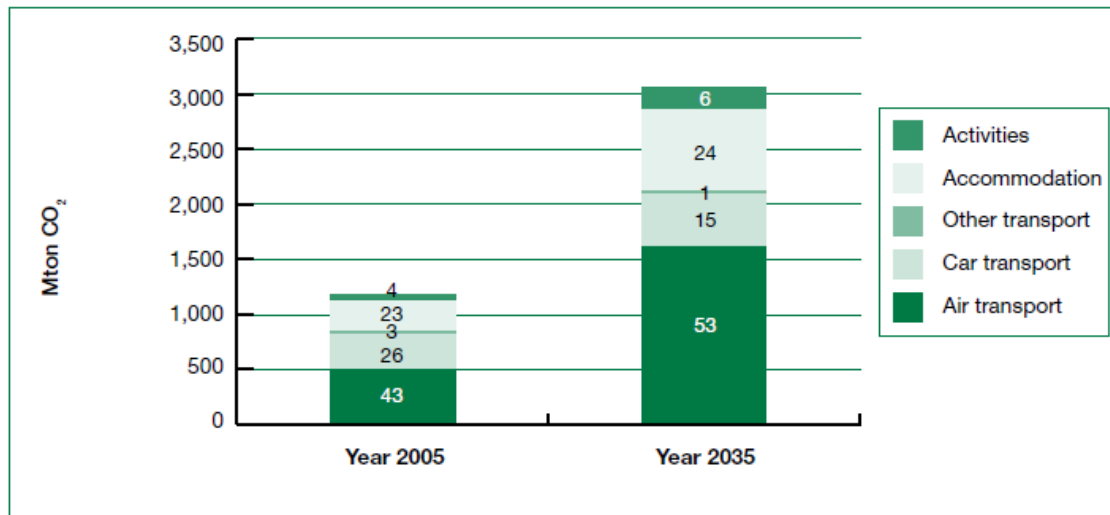

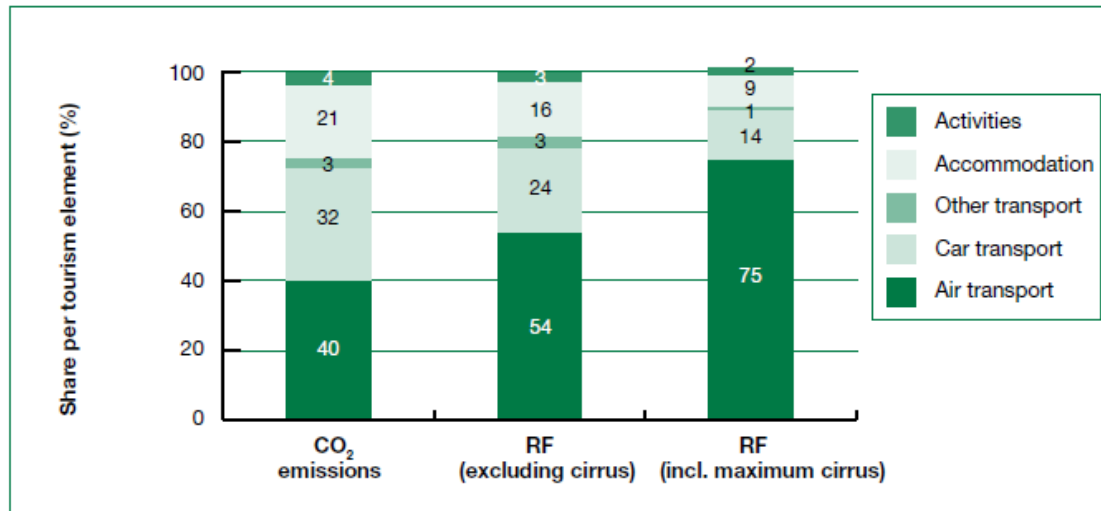

European web platform for Sustainable Tourism

Main Outcomes:

- Create the Europe Green Travel Community, formed primarily by eco-accommodations and tours operators in Italy, Austria, Switzerland, Serbia, Slovenia.
- Create an interactive platform expected to become a reference point for the community supporting sustainable tourism in Europe.
- Provide travelers with practical information on eco-accommodations, itineraries and topics.
- Positive impact on the environment

➤ Reduce CO2 emissions

Thank you!

TO REBEL IT'S NECESSARY TO LOOK
BEYOND THE WALLS, BEYOND THE SEA,
BEYOND THE MEASURES OF THE WORLD.
