### Summary of references of harmonised standards published in the Official Journal – Regulation (EU) 2016/424<sup>1</sup> of the European Parliament and of the Council of 9 March 2016 on cableway installations and repealing Directive 2000/9/EC

The summary below consolidates the references of harmonised standards published by the Commission in the *Official Journal of the European Union* (OJ). It reproduces information already published in the L or C series of the OJ as indicated in columns (2), (5) and/or (7). It contains all references which, when the summary was generated, still provided a presumption of conformity together with references already withdrawn from the OJ.

The Commission services provide this summary for information purposes only. Although it takes every possible precaution to ensure that the summary is updated regularly and is correct, errors may occur and the summary may not be complete at a certain point in time. The summary does not as such generate legal effects.

This summary was generated on 23 January 2024.
