[1]

This is a call for tenders, in a form of an open procedure, launched with a view to establish an assistance mechanism for investment in the blue economy, to be branded as “Blue Economy Assistance Platform”, with a view to facilitating access to investment for maritime ventures.

The purpose of this call for tenders is to select a service provider to set up and operate an “Assistance Mechanism (AM)” that will support access to finance for SMEs, start-ups, early stage businesses and scale-ups in the blue economy.

The goal of these services is to select ventures /companies in order to increase their level of investment readiness, and ultimately facilitate investment in these ventures/companies by private and /or public investors. Tasks to be carried out by the contractor are further detailed in the tender specifications in section 1.
