Join L'Oréal at the cutting edge of Cosmetic science

The [European Innovation Council \(EIC\)](#) [1] and L'Oréal invite you to apply for a new EIC Corporate Day to pitch, network and discover business opportunities within the cosmetics research and development sector. Applications are open until 3 October 2019.

On 27 November 2019, a limited hand-picked number of EIC-funded SMEs will have the opportunity to pitch and present their innovative solutions in one-on-one business meetings with representatives from world-leading company L'Oréal in Paris, France.

[Apply here](#) [2] and do not miss this chance to connect your business with top L'Oréal experts.

Who can apply?

The call is only for companies funded by the EIC that need to fulfil their application through the EIC Community.

L'Oréal is looking for EIC-funded SMEs working on innovative approaches to:

- Solvents
- Tensile & Adhesive materials
- Fibre & Polymers
- Colours & Pigmentation
- Skin & Hair application
- Natural sensoriality

- Long lastingness/Natural long lastingness
- Natural colour

This opportunity is brought to you by the EIC pilot Business Acceleration Services. Read our [2018 yearly wrap-up](#) [3] and our [report on EIC Corporate Days](#) [4] to learn more about what we do and how we do it.

To explore other opportunities to connect with the largest corporates in Europe, keep an eye on our [events page](#) [5].

Should you have any questions, please [refer to our helpdesk](#) [6].
