

Legal Basis

1. The Civil Protection Law (481/2004). This law sets up the measures to be taken to protect the population, equipment, cultural values and the environment in the event of war or disaster. The law provides for emergency planning in the event of crisis or war.
2. Law nr. 307/2006 on fire protection.
3. National Emergency Management System - Government Decision (G.D.) no. 21 / 15.04.2004. This law settles the composition and functioning of the National Emergency Management System, the ministries and central public administration institutions with responsibilities during emergency situations and their main tasks.
4. G.D. no. 2288 /2004 on the support tasks of ministries, other central institutions and non-governmental organizations for the prevention and management of emergency situations.
5. G.D. 1489 / 09.09.2004 on the organization and functioning of the National Committee for Emergency Situations.
6. G.D. 1490 / 09.09.2004 – Regulations of organization and functioning of the General Inspectorate for Emergency Situations.
7. G.D. 1491 / 28.09.2004 – Regulations on organization, functioning, tasks and endowment of Operative Committees and Centers for Emergency Situations.
8. G.D. 1492 / 28.09.2004 – organization principles, functioning and tasks of the Professional Emergency Services.
9. Ordinance 88 / 2001 – on establishing, organization and functioning of Public Communitarian Services for Emergency Situations (County Inspectorates for Emergency Situations) with its further modifications.
10. Law 307 / 2006 on fire protection.
11. G.D. 557/2016 on the management of risk types.
