

GDF SUEZ - STRATEGY TO 2030

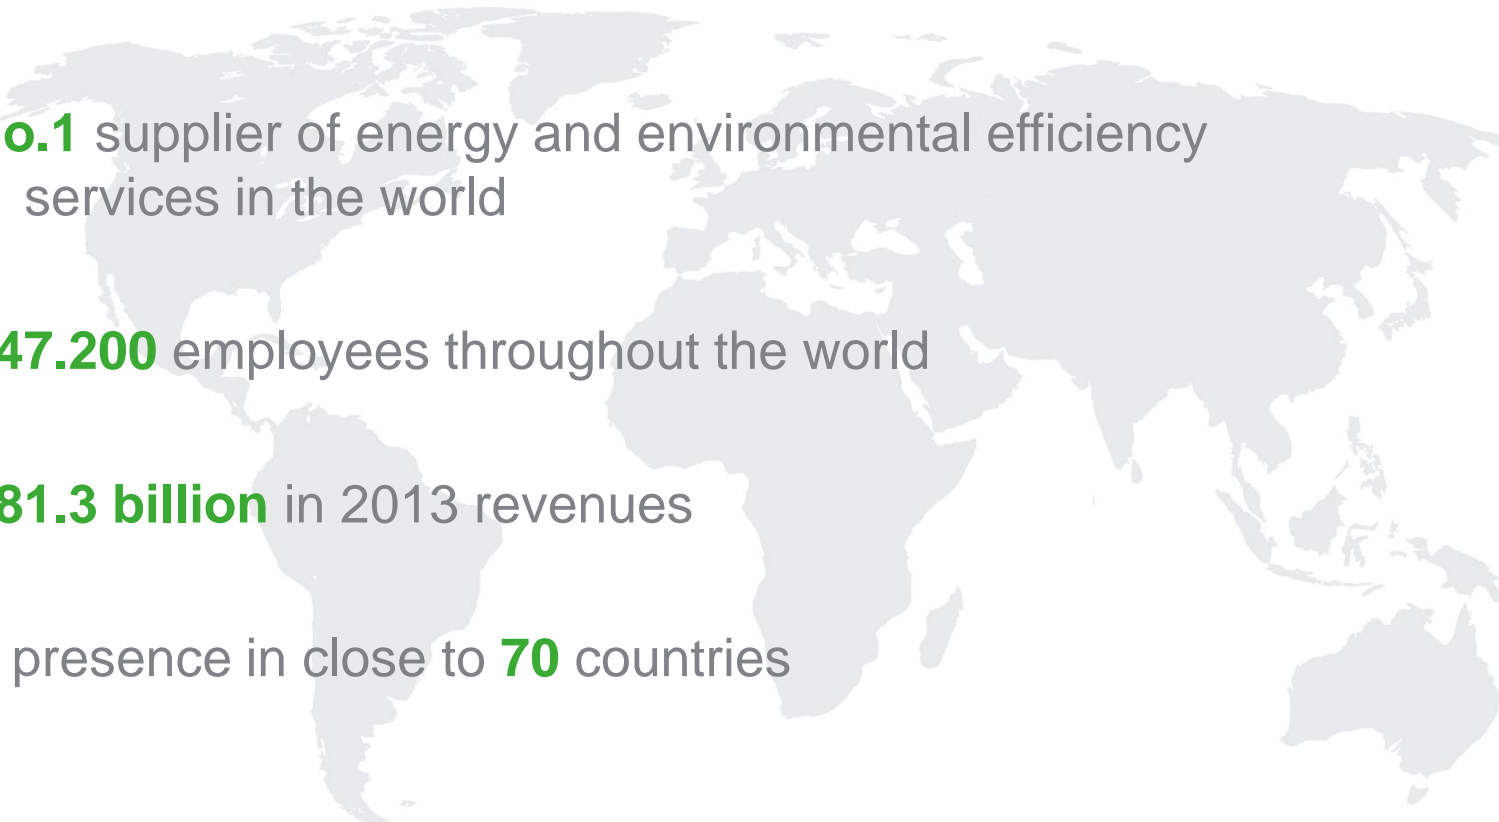

Bettina Wasteels
EU Development Director

Brussels Economic Forum
June 10, 2014

GDF SUEZ
ÊTRE UTILE AUX HOMMES

Who we are

No.1 supplier of energy and environmental efficiency services in the world

147.200 employees throughout the world

€81.3 billion in 2013 revenues

A presence in close to **70** countries

Context and challenges for 2030

Staying competitive and meeting energy needs

Ensuring security of supply

Fighting against climate change

Our strategy

Be leader in energy transition in Europe

Be the benchmark energy player in fast-growing countries

Policy should...

Help switch energy sources in a cost-efficient way

Rebalance competitiveness, sustainability and security of supply

Offer flexibility

Promote consumer awareness

Encourage dialogue between Member States and energy suppliers
