

SELFIE for schools

a tool to support learning in the digital age

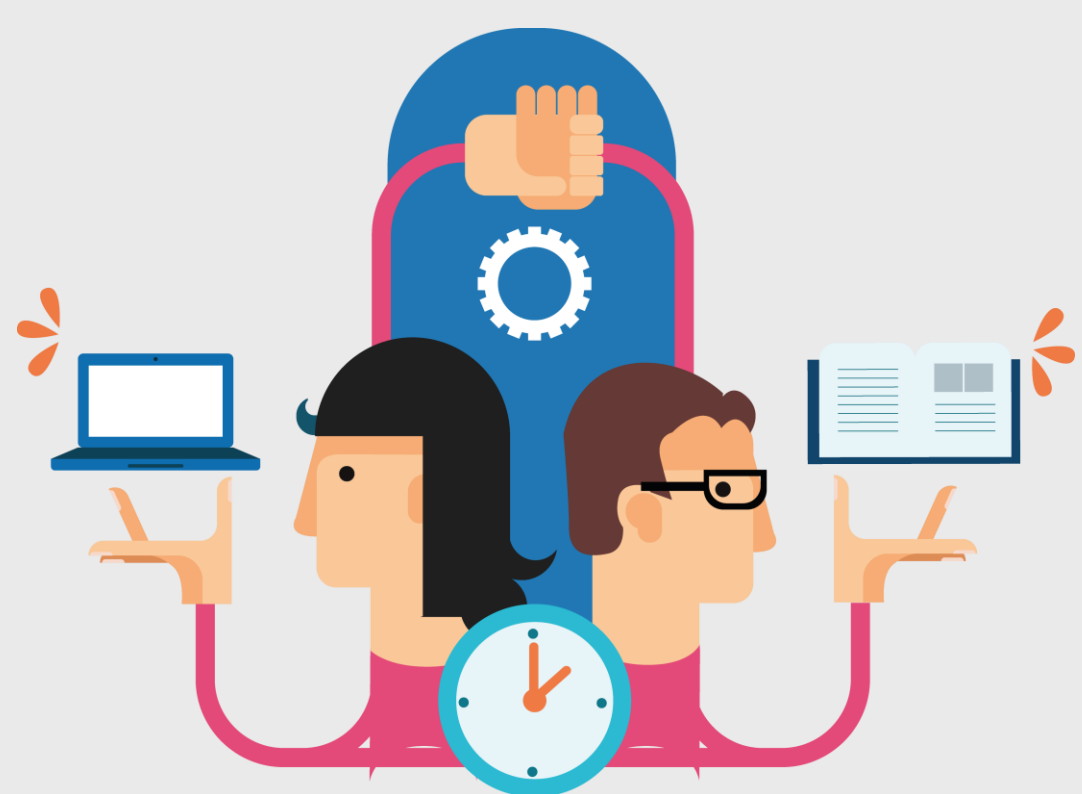

WHY ARE DIGITAL TECHNOLOGIES IN EDUCATION IMPORTANT?

43% of Europeans lack basic **digital skills**

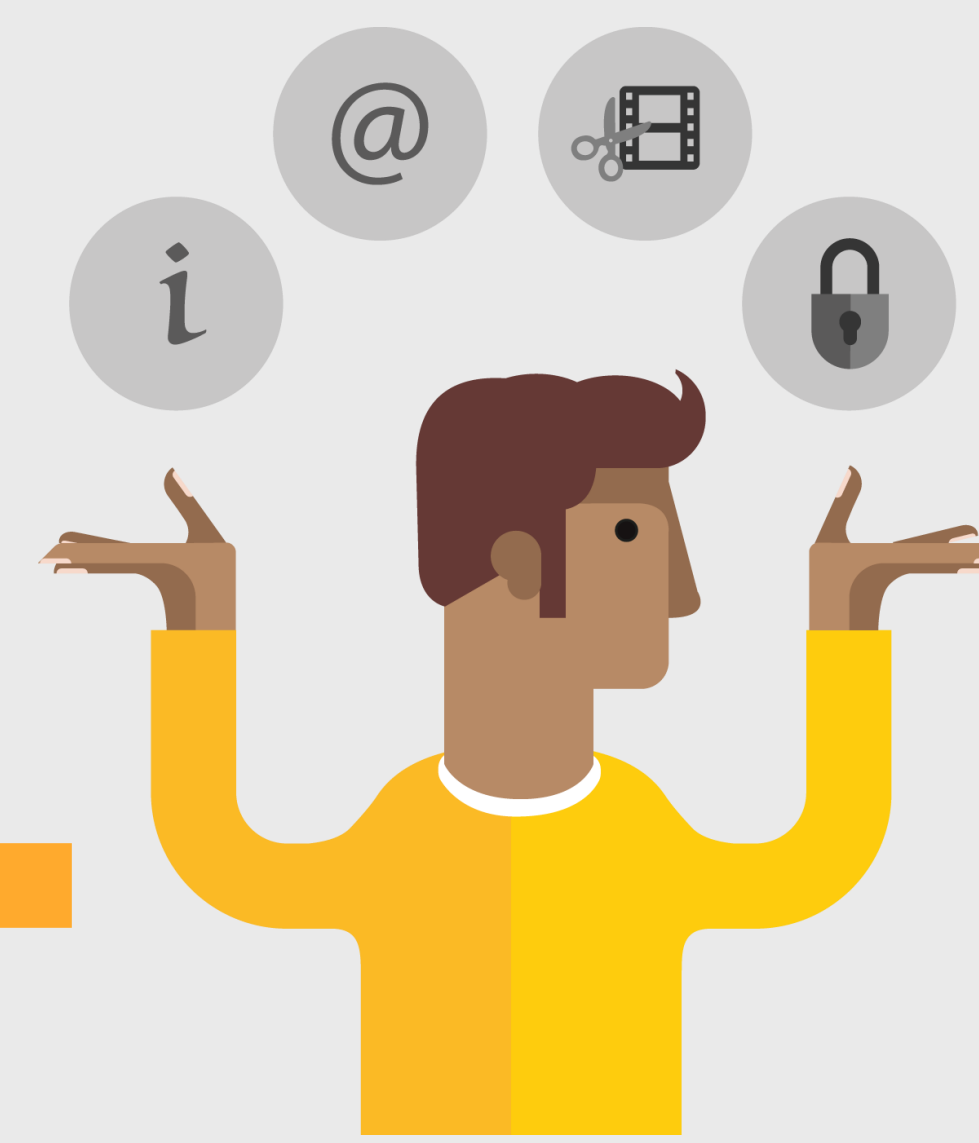

Digital tech is part of our everyday lives, and should be an essential **part of our learning practices**

71 million

students attending schools in Europe need to **develop their skills** for the digital society

90% of future jobs will require **digital skills**

All **250,000** **schools** in Europe need to prepare their students for the **digital society**

All **5.7** million **teachers** in Europe should make the most of technology to **support their pedagogical practice**

Integrating digital technologies in education is complex and requires schools to take a **360°** approach

That's why we created **SELFIE**

WHAT IS SELFIE ? - HOW DOES SELFIE WORK ?

SELFIE takes a snapshot of the school's use of digital technology. It's online and anonymous.

WHAT SELFIE IS NOT

- ▶ It does NOT assess schools
- ▶ It does NOT compare or benchmark schools
- ▶ It is NOT just for digitally-advanced schools: it's for every school

3 questionnaires

"How is technology used in the school?" SELFIE gathers —anonymously— the views of students, teachers and school leaders

a tailor-made report

A snapshot of the school's strengths and weaknesses in their use of technology for learning

...for 8 areas

SELFIE looks at 8 key areas of digital education

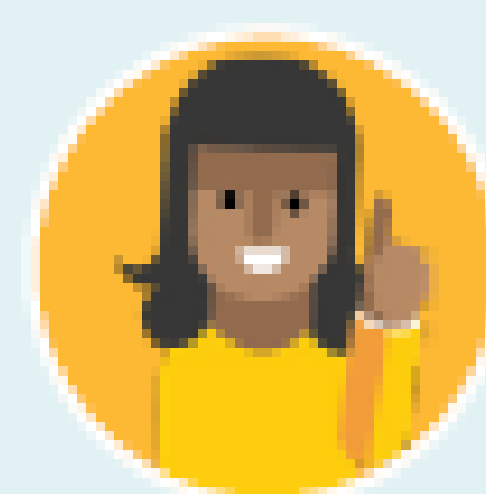

...and in more than 30 languages

-  Leadership
-  Infrastructure & equipment
-  Professional development
-  Implementation in the classroom
-  Support & resources
-  Assessment practices
-  Students digital competence
-  Network & collaboration

TESTIMONIALS

SELFIE is like a blessing from heaven, it is a fantastic tool. We have discovered many things to improve, in terms of data protection, copyright, and even the safe use of the internet and social networks by students.
(Carmen Lázaro, School Director, IES Itaca, 2019)

The fact that SELFIE is encouraging schools to start a conversation with students is amazing. Actually, I love the tool because this conversation is essential.
(Maeve Galvin, student Mount College, 2019)
