Please be aware of the following corrections in the above-mentioned Call for proposals.

1. Annex 9, Section 3. Equipment

"In the event of purchasing equipment over €25.000, and less than €134.000, the beneficiaries must obtain competitive tenders from at least three suppliers and retain the one offering the best value for money, observing the principles of transparency and equal treatment of the potential contractors and taking care to avoid conflicts of interests. For purchase of equipment over €134.000 national legislations will be applicable."

should read:

"In the event of purchasing equipment over €25.000, and less than **€144.000**, the beneficiaries must obtain competitive tenders from at least three suppliers and retain the one offering the best value for money, observing the principles of transparency and equal treatment of the potential contractors and taking care to avoid conflicts of interests. For purchase of equipment over **€144.000** national legislations will be applicable."

2. Annex 9, Section 4. Subcontracting:

"In the event of subcontracting over €25.000, and lower than €134.000, the beneficiaries must obtain competitive tenders from at least three suppliers and retain the one offering best value for money, observing the principles of transparency and equal treatment of potential contractors and taking care to avoid conflicts of interests. The beneficiaries may not split the purchase of services into smaller contracts below the threshold."
