1. Rationale and objectives for the 2019 Prize

For six decades, the European integration project has contributed to peace and reconciliation, democracy and respect for human rights in Europe, and has been a world example in balancing prosperity and social welfare. However, knowledge about the European Union and awareness of European culture and values is low among its citizens: surveys show that 56% of Europeans feel they are not well informed about EU matters\(^1\) and half of all Europeans feel that their voice does not count in the EU\(^2\).

In 2016, on the 30\(^{th}\) anniversary of the death of Altiero Spinelli and on the 60\(^{th}\) anniversary of the signing of the Treaty of Rome, the European Parliament established the Altiero Spinelli Prize for Outreach in order to encourage, reward and provide European level recognition and visibility to high-quality contributions which:

1) promote knowledge of the European Union and a critical reflection on its past, present and future among non-specialist audiences and the general public;

2) enhance citizens' understanding of the values, objectives and benefits of the European integration process and of the enormous accomplishments of the European Union, but also of the failures, contradictions and dilemmas;

3) propose innovative approaches and materials that European and national policy-makers, practitioners, civil society organisations and other actors can use to better inform, educate and inspire citizens and help them develop critical awareness of the EU and a sense of belonging to it;

4) expose anti-EU populist myths on various aspects of the European integration process, including extremist rhetoric based on intolerance as well as misinformation about the legitimacy, competences and actual work of the European institutions.

This edition of the Altiero Spinelli Prize for Outreach focuses on activities and works that help young Europeans engage in democratic life and understand the values on which the EU is based. It will reward and provide EU-wide visibility to outstanding works/activities/products contributing to young people’s:

1) Motivation to participate in the democratic processes that shape the future of the EU.

2) Engagement in supporting the EU core values of human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities\(^3\).

3) Critical awareness of what the EU stands for (its history; its founding values; its actions and policies; its impact, including its accomplishments and added-value) and of the cost of non-Europe;

4) Critical thinking and resilience against misinformation and anti-democratic populist discourses in and about the EU.

2. Works that can be proposed

The works/activities/products proposed for the Prize are expected to address directly and to demonstrate that they tangibly help achieve as many as possible of the objectives stated above.

The prize will be awarded to outstanding works that are informed by state-of-the-art knowledge and are solidly based on evidence. These may include, for example: films; videos; documentaries; televis-

sion, radio or online programmes/productions or other types of audio-visual and media works about the EU that are appropriate for the general public and for the new media landscape; outstanding educational programmes or campaigns about the EU; outstanding information/communication campaigns about the EU; outstanding immersive, action-based, experiential activities enabling participants to witness the concrete added value of the EU and the core values of the EU; publications; newspapers or other press; Massive Online Open Courses; fact-checking initiatives; large-scale cultural events reaching big audiences; other products/works/activities or emblematic initiatives or combinations of such works that achieve as many as possible of the objectives of the Prize.

The work/activity/product proposed for the Prize must have been completed and implemented in the last two years prior to the deadline for applications. The new deadline for applications is 02 December 2019 at 17h00 CET. Works that are still in preparation/unfinished/not implemented/have not gone public by the deadline for applications are not eligible.

Research works are not eligible; the prize is not intended to reward research as such.

Works/activities/products that have already received EU funding or another Prize from the European Institutions are not eligible. Also, works commissioned by a European Institution are not eligible.

The work/activity/product proposed for the Prize and its communication and outreach material, which is the basis for the application, can be in any of the official languages of the EU.

3. Eligibility criteria

1) The 2019 prize will be open to individual applicants (natural persons) who are EU citizens as well as to non-governmental legal entities that are established and based in the EU. The contest is not open to public authorities; public administration authorities at national, regional or local/municipal level cannot apply.

2) Legal entities applying must be formally established prior to the deadline for applications.

3) The Prize is not meant to reward a work/activity/product linked to a particular political party agenda. Applications from political parties, from bodies affiliated to political parties, from natural persons elected and currently in public office or included in electoral lists running for public office or works promoting explicitly or implicitly a political agenda from a particular political party are not eligible.

4) The target population/audience/participants of the work/activity/product proposed for the Prize must be citizens in EU Member States.

5) Those who applied for the Spinelli Prize for Outreach 2017 or 2018 cannot apply for the 2019 edition of the Prize unless they apply with a completely different work/activity/product.

6) Those who applied for the Spinelli Prize for Outreach 2017 or 2018 but were then considered ineligible can apply with the same work in 2019 if they meet this year's eligibility criteria.

The eligibility criteria must be complied with during the whole duration of the Contest and up until the Commission's award decision.4

4 For British applicants: Please be aware that the eligibility criteria must be complied with until the award decision is signed by the European Commission (this follows soon after the evaluation of the applications). If the United Kingdom withdraws from the EU before the award decision without having concluded an agreement with the EU ensuring that British applicants continue to be eligible, you will cease to be eligible to receive the Prize.
4. Award criteria

The Prizes will be awarded to the applicants that best address the objectives set out in section 1 and will be assessed against the following two criteria:

5. Submission, Deadlines and Evaluation procedure

The new deadline for submission of applications is: 02 December 2019 at 17h00 CET.

Applications must be submitted online (exclusively) using the e-application form available at: https://ec.europa.eu/education/resources-and-tools/funding-opportunities/altiero-spinelli-prize-for-outreach-call-for-applications-2019

Paper/postal submissions and submissions by email will not be accepted.

The (online) application form allows the submission of a limited amount of text and information about the work you are proposing for the Prize. You are not allowed to send additional information/material (such as audio-visual material) by e-mail, post or other means to support your application. Therefore, it is compulsory to have a website, blog or similar online link where the evaluators will be able to find more information about the work you are proposing.

The application form is available in English only but completing it in any of the official EU languages is acceptable. However, applicants are strongly encouraged to complete their application in English. This will facilitate the work of the evaluators assessing the applications.

Multiple applications by the same applicant are not allowed. Also, an applicant may participate in a single application only.

Incomplete applications will be considered inadmissible if mandatory parts of the application form are not duly completed.

No changes or additions to the application can be made after the deadline. However, if there is a need to clarify certain aspects, the Commission may contact the applicant after the deadline.
Please avoid sending your applications on the last day or during the last hours before the deadline. This risks technical problems which may result in making you miss the deadline.

A set of Frequently Asked Questions (with their replies) is available online.

Applicants can send questions to EAC-SPINELLI-PRIZE@ec.europa.eu until **26/11/2019 at 17h00 CET**. There is no guarantee that questions received after that date will be addressed before the deadline for applications.

A jury of independent external evaluators will be appointed by the European Commission to evaluate the applications and advise the European Commission which is responsible for the selection of the winners.

All applicants will be informed about the results of the evaluation within ten months of the deadline for submission.

The Prize certificates will be conferred at an award ceremony in 2020.
