13.30-14.30 h LUNCH

14.30-15.15 h THE VIEW OF THE COMMISSION (I Keller)

15.15-15.30 h Q & A, SUMMARY AND WRAPPING UP
OBJECTIVES OF THE WORKSHOP

The meeting aims at updating the progress of the FOCUS project in the context of the actual status and foreseen future of the EIPAHA and other parallel initiatives of the Commission in the field of healthy ageing. Frailty and its current implications in FOCUS will be addressed, and also the progression of the ICT initiatives in course within FOCUS and other related projects. The workshop also aims at initiating the pathway of the stakeholders’ involvement in the progression of the FOCUS platform. The Core Board will initiate and the views of the relevant stakeholders will be presented, commented and debated.

PRINCIPLES IN THE WORKSHOP

The debate has been taken as the main instrument. Accordingly, the presentations have been given very short time in order to concentrate the message. The consequent explanations or subsidiary messages should be kept for the discussion. Any key aspects that the speaker considers that must be introduced but the time slot is insufficient, may be transmitted to the chairman for being brought later into the open debate.
