### Dates:

Thursday, 29 September, 2016 - 09:00 to 17:00

### Type of event:

Conference

### Location:

Belgium

Precision Livestock Farming is management of livestock farming by continuous automated real-time monitoring/managing of production/reproduction, health and welfare of livestock and environmental load. The [EU-PLF consortium](#) [1] is an international consortium of industrial partners, SME's and researchers active in sustainable Precision Livestock Farming in Europe.

The final conference of the EU-PLF project will be held in Brussels, Belgium on the 29th September 2016, Résidence Palace - 155, rue de la Loi.

Come join us as we share the results and experiences of the four year EU-funded project. Listen to farmers' testimonies and get involved in the discussions on the future of farming in Europe!

For more information visit the [website](#) [2] of the event. See also the flyer in attachment below.
