

LIVESEED

Update: 04 September 2018

<https://ec.europa.eu/eip/agriculture/en/find-connect/projects/liveseed>

Geographical location:

Austria
Belgium
Bulgaria
Denmark
France
Germany
Greece
Hungary
Italy
Latvia
Netherlands
Poland
Portugal
Romania
Spain
United Kingdom
World wide

Keywords:

Agricultural production system
organic farming
plant breeding
Plant production and horticulture

Crops (generic)
Cereals
Vegetables
Fruits
Fodder and forage

Main funding source:

Horizon 2020 (EU Research & Innovation programme)

Project acronym:

LIVESEED

Project type:

Research project

Starting date:

2017

End date:

2021

Project status:

Ongoing

Website:

LIVESEED

Title (in English):

LIVESEED

Language:

English

Objective of the project (native language):

Improving the performance of organic agriculture by boosting organic seed and plant breeding across Europe

Objective of the project (in English):

Improving the performance of organic agriculture by boosting organic seed and plant breeding across Europe

Description of activities (native language):

The objective of this 4-year project is to improve the performance and sustainability of organic agriculture by boosting organic seed and plant breeding efforts, and increasing the availability of cultivars adapted to organic growing conditions. The project will help to establish a level playing field in the organic seed market across Europe, improve the competitiveness of the organic seed and breeding sector, and encourage greater use of organic seeds by farmers. LIVESEED will improve guidelines for cultivar testing and strategies for.
