business model

Farming / forestry competitiveness and diversification

value chain

Supply chain, marketing and consumption

added value product

General

operational group

supply chain

The EIP-AGRI workshop 'Innovation in the supply chain' took place on 6-7 February 2018 in Lyon, France. 48 Operational Groups and 9 research projects, including Horizon 2020 multi-actor projects and thematic networks, from 19 EU member states attended the event.

The participants explored potential solutions which can be found in [this short report](#) [1].

More publications from the event see [the event page](#) [2].

See the [brochure presenting 50 innovative projects on supply chains](#) [3].
