

## Reimagine Fashion

Update: 11 February 2020

<https://ec.europa.eu/eip/agriculture/en/news/reimagine-fashion>

---

### Geographical scope:

European Union

### Keywords:

flax

hemp

The European Commission has recently launched the 2020 edition of the European Social Innovation Competition and this year's challenge is 'Reimagine Fashion: Changing behaviours for sustainable fashion'. One of the topics is related to agricultural production - sustainable textiles: looking for net zero waste and climate neutral production techniques, closed loop textiles systems and sourcing of alternative sustainable feedstock which could include EU agricultural products such as flax and hemp.

[Have a closer look at this call here \[1\]](#).

Closing date - 4 March 2020.
