Title (in English):

Agrinnovation magazine - Issue n° 4 - September 2017

Publication abstract (in original language):

This fourth edition of Agrinnovation magazine gives you a round-up of EIP-AGRI news, events and stories from the past year. With food production and short supply chains as its main theme, this edition includes inspirational ideas from Greece, Estonia, Poland, the UK and many more. It also covers opportunities under the rural development policy and Horizon 2020, with an update on Operational Groups, and news on other innovative projects that may inspire you to build bridges between farmers, researchers, advisers and agribusinesses. Order your free copy via the EU bookshop: <https://publications.europa.eu/en/> (main page) or <http://bit.ly/2Fu1BrW> (direct link).
